DISTRICT ROAD FUND.

NOTIFICATION No. 113.

The 27th March 1882.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the Cuttack, Pooree, and Balasore districts, for the cess year 1880-81, together with the remarks thereon of the Commissioner of the Orissa Division, are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,

Asst. Secy. to the Govt. of Bengal, P. W. Dept.

Abstract of a report by the Chairman of the District Road Cess Committee, Cuttack, on the Committee's operations for the cess year 1880-81.

THE certificate procedure under Act VII was introduced during the year under review for collection of arrears. This system of collection involved writing and serving a large number of notices under section 10 of the Act, and increased the work of the office and of the collecting establishment. The notice also gave the defaulter a month's time for payment from the date of service, and thus caused delay in the collection of arrears.

Many of the district and village roads were damaged by floods during the months of July and August. With the exception of these, the roads were satisfactorily maintained. Several petitions for new village roads were received, but only the important ones were constructed during the year.

Considerable progress was made in arboriculture, 3,345 trees having been planted on the sides of the different roads in the district.

The different establishments under the Committee have worked satisfactorily, but the collecting establishment was hardly up to its work, owing to the reduction of one tehsildar and seven peons during the latter part of the year.

CUTTACK ROAD CESS OFFICE,

The 15th December 1881.

R. H. PAWSEY,

Chairman.

Abstract of a report by the Chairman of the District Road Cess Committee, Pooree, on the Committee's operations for the cess year 1880-81.

THE working of both the District Committee and the Koordah Branch Committee was satisfactory. A sum of Rs. 1,829 was spent by them on the village roads against Rs. 1,892 in the previous year. Fifteen new roads were constructed, and nine old ones repaired during the year. The roads in the district are improving, and efforts are being made by the Committee to maintain them properly.

The nursery garden established in the district is no longer maintained by the Committee, as they did not see the necessity of keeping up a road cess garden, and as they considered that planting of trees along the sides of roads could be carried out without it. Rs. 336 were spent during the year in planting trees along the sides of Piplee and Khoordah road, and a small sum in preserving trees that had been planted during the years 1878-79 and 1879-80.

The different establishments under the District Road Committee performed their duties satisfactorily.

A memorandum of work done and in progress during the year 1880-81.

A large stone bridge (of four openings of 15 feet each) on the Bagmari and Bobgurh road. The work had progressed well. The line of road is an important one, and is much used by pilgrims and merchants.

(2) A large stone bridge (of 16 openings of 15 feet each) over the Noon river at Delang, on the proposed line of road from Khoorda to Patnaikya Bazar.

(3) Three causeways on the Balighai and Madhab road, viz. one 160 feet long in 38th mile, one 100 feet long in the 39th mile, and one 90 feet long in 40th mile.

(4) A stone bridge (of five openings of 15 feet span each) over the Burra Naddi, situated in the 9th mile of the Khoorda and Kallapather road, has been completed, but only the pointing remains to be done, for which provision has been made in the current year's budget.

(5) A culvert (6 feet span) at the 10th mile of Khoordah and Kallapather road.

(6) A syphon culvert (3 feet opening) under the Armstrong road.

(7) A culvert (3 feet opening) under the Armstrong road.

(8) A flood escape (1,512 feet in length) in the 6th mile of Pipli and Khoordah road.

(9) The metalling of the Pipli and Khoordah road is in progress.

(10) No new roads were constructed during the year under report. The works mentioned above were done under the direction of the District Road Fund Committee.

T. GRANT,

Vice-Chairman.

Abstract of a report by the Chairman of the District Road Committee, Balasore, on the Committee's operations for the cess year 1880-81.

The working of the new Cess Act, which came into operation during the year, seems to have given no cause for complaint, but its provisions for collection of arrears are too cumbersome to secure prompt and speedy realization.

The Committee which consisted, as formerly, of only the residents of the Balasore town, could hardly give any practical advice in respect of roads in the interior of the district. To supply this want, four residents of the interior were appointed as additional members of the Sudder Committee, and a Branch Committee formed in the Bhudruck sub-division. The accounts of the Committee have been kept in a fairly satisfactory manner.

The entire allotment for village roads in the Bhudruck sub-division was fully utilized. In the Balasore sub-division applications for grants for such roads were received too late in the year, and the full assignments could not be spent.

Almost all the roads in the head-quarters and in the Bhudruck sub-division were repaired and kept passable in the fair months of the year, but the floods of July and August considerably damaged all the roads in the Bhudruck, and nine out of 24 roads in the sudder sub-division.

The arboricultural operations of the year were fairly satisfactory. The trees planted out in the preceding years were preserved, and new trees planted so far as the funds permitted.

The Committee's establishment performed their duties satisfactorily.

Explanatory memorandum to accompany the Annual Accounts of Income and Expenditure of the cess year 1880-81.

A. The excess of expenditure over the allotment is nominal. There is an amalgamated establishment which does the work connected with the collection and the administration, and the total cost is divided between the two departments. An accurate distribution being under the circumstances impossible, the charges debited to one department have fallen short of the allotment by Rs. 409-7-6, while that of the other have exceeded it by Rs. 17-0-8. On the whole, however, the actual expenditure is less than the budget allotment by Rs. 392-6-10.

B. The original budget allotment under this head was Rs. 284, but under the Commissioner's order conveyed in memorandum No. 430, dated the 22nd January 1881, the allotment was increased to Rs. 296 by a corresponding reduction in the estimate under the head "Establishment and contingencies of the Committee's office."

C. This work was provided for in the budget estimate for 1879-80. The expenditure shown in this account represents the work done out of the allotment for 1879-80, but of which the regular account was received and adjusted during the year 1880-81.

D. The original budget allotment for this work was Rs. 2,760, but a sum of Rs. 2,000 was afterwards transferred from this head with the Commissioner's sanction conveyed in memorandum No. 215C of the 9th September 1881.

E. The original budget allotments for these roads have been increased by the sums transferred under the Commissioner's memorandum No. 215C of the 9th September 1881.

F. The original allotment for this road has been reduced by the transfer of Rs. 150 under the Commissioner's memorandum No. 215C of the 9th September last.

G. The expenditure exceeds the allotment by Rs. 6-3-3. This is due to the fact that the expenditure incurred out of the allotment for 1879-80 was incorporated in the accounts of the year 1880-81, in consequence of the adjustment of the accounts in the latter year. The accounts could not be adjusted during the year 1879-80, as the expenditure was incurred towards the close of the year, and the accounts received in the road cess office in the beginning of the following year.

H. The sum of Rs. 191 2-9 is not the expenditure out of the budget allotment for 1880-81. It represents the value of work done out of the advance made during the year 1879-80.

BAIKUNTHA NATH DEY,
Vice-Chairman.

H. BEADON,
Chairman.

No. 33C, dated Cuttack, the 17th February 1882.

From—A. SMITH, Esq., Commissioner of the Orissa Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to forward herewith the annual accounts and reports of the several Road Cess Committees of this division for the cess year 1880-81 for publication in the *Calcutta Gazette* under section 179 of the Bengal Cess Act, IX (B.C.) of 1880.

2. The annual reports have been prepared in accordance with the instructions conveyed in Government order No. 973A of the 14th September 1880.

3. The classification prescribed in Government circular No. 201A of the 26th February 1880 has been observed in the preparation of the annual accounts as far as practicable. There is a slight departure in the accounts of Balasore, where the items noted in the margin have been shown under "Contingencies" instead of under "Stationery and printing." The Chairman will be told to adhere strictly to the instructions in future.

"Price of ink for mohurs"
"Do. of thread."
"Do. of twine."
"Do. of paste."
"Do. of vinegar for ink."
"Do. of sealing ink."
"Do. of goose quills."
"Cost of printing annual accounts and reports of the Balasore District Road Fund for the cess year 1878-79."

4. All the Chairmen report that duplicates of the accounts have been forwarded to the Accountant-General, Bengal, direct, as laid down in the Government order No. 21A of the 6th

January 1881.

5. The return of receipts and expenditure of the several District Road Committees for the fourth quarter not having been received in this office as yet, the annual accounts cannot be checked in accordance with paragraph 12 of the explanatory notes received with Government letter No. 173A of the 11th February 1878.

6. The estimated and actual receipts of the year, compared with the receipts of the two previous years, are shown below—

8. The Chairman of the Cuttack Committee reports that the reduction in the tehsildari establishment (an establishment employed in collecting arrears from the defaulters in both revenue-paying and lakhiraj estates of all descriptions), sanctioned under Board's No. 312A of the 24th September last, has impeded the collection. The reduction was sanctioned on the recommendation of the Officiating Collector Mr. Grant, who considered the reduced scale sufficient. Mr. Pawsey did not find he could manage with it, and submitted a proposition to increase the strength of the establishment, which has been sanctioned by the Board in their No. 11A of the 12th January last. The Chairman of the Balasore Committee reports that the elaborate procedure for the realization of arrears laid down in Act IX (B.C.) of 1880, which came into operation at the beginning of the year, entailed an amount of clerical work with which the establishment, as it then existed, was quite unable to cope, and this tended to impede the collections. With the revised establishment sanctioned in the Board's No. 325A of the 12th October last, the Chairman hopes to be able to show better results in future.

9. The sum of Rs. 5,443, shown under the head "Miscellaneous," includes the following Government contributions towards the joint road cess and public works cess establishments sanctioned in Government No. 2 of the 31st January 1879 :—

Balasore	1,858	1,400	2,532
Total ...	16,150	11,553	13,948

13. During the year under notice less was spent in all the districts on village roads than in 1879-80. The Chairmen of the Committees have been told to pay greater attention to the improvement of these roads.

14. In the Cuttack and Balasore districts most of the roads are reported to have been damaged by the unusual floods that occurred in July and August last. In Pooree the roads are improving.

15. The Examiner of Public Works Accounts inspected all the offices of this division during the year. The results were generally satisfactory. The points requiring notice were explained to the officer concerned.

16. The Collector of Cuttack is not prepared to propose any change in the present system of collection, but makes the following observations on the certificate procedure :—

“As regards the certificate procedure I beg to observe that the work of both the office and the collecting establishment has largely increased since the introduction of this system. Under section 10, Act VII of 1880, a notice has to be served in every individual case before a certificate can be enforced. As the petty lakhiraj estates in this district are very numerous and scattered, a very large amount of work has been thrown on the clerks and peons in writing and serving these processes respectively. Nearly two-thirds of these estates fall in arrear after last day of payment in each half year, and the defaulters do not pay up their dues on the first appearance of the peons with the notice as the law allows them a month's time from the date of service. Processes have therefore to be next issued for attachment of their movable properties. Though the extreme measure of sale is only resorted to in a few cases, the service of these two sorts of processes has greatly increased the work.”

The Collector of Pooree suggests no change in the present system of collection.

The Collector of Balasore reports that present experience leads him to think that it is desirable to revert to the “less elaborate and cumbrous procedure” prescribed in sections 10 and 23 of Act X (B.C.) of 1871, and proposes that some sort of penalty be provided for default similar to that to which a zemindari dak cess or license tax defaulter is subject, as the process fee now levied is so small that an assessee prefers to pay it rather than undergo the trouble of paying the cess at the head-quarter or the sub-divisional treasury.

17. It appears to me that, considering the petty nature of the demands, the certificate procedure is very cumbrous in its application to road cess arrears. The month's notice might, I think, be dispensed with in the case of demands under a fixed limit, say Rs. 50, or if that be thought too high, 25 or 20. This would not bar anybody who had an excuse to make from making it, but it would permit the immediate realization of the tax. In the vast majority of cases in which there is no excuse, no inconvenience would be caused, and the tax payer would escape some costs. In the comparatively few cases in which there is an excuse, the tax would probably have to be paid and refunded; those cases would be very rare, and I do not think the inconvenience is to be weighed against the general relief that would be afforded by doing away with the notice, and realizing at once where the ultimate realization is so certain, as in the case of road and public works cess demands.

A. SMITH,
Commissioner.

LAND SALE NOTICES.

NOTICE is hereby given, under section 6, Act XI of 1859, that the undermentioned estates in the district of Tipperah will be put up to public and unreserved sale at the Collector's office of that district on the 10th day of April 1882, for arrears of revenue and other demands, which, by the Regulations and Acts in force, are directed to be realized in the same manner as arrears of revenue due on the 12th day of January 1882.

The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage.	With postage.
For the Calcutta Series...	Rs. 35	Rs. 40
" Madras Series ...	" 8	" 9
" Bombay Series...	" 8	" 9

May be obtained of Messrs. King, King & Co., Bombay, and of Messrs. Wyman & Co., Calcutta. Price Rs. 3-8, or including postage, Rs. 4. Or of the publishers, Messrs. Trübner & Co., Ludgate Hill, London. Price five shillings.

The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage.	With postage.

PUBLIC WORKS DEPARTMENT—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 136.

Dated the 11th April 1882.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the Hazaribagh, Lohardugga, Manbhoom, and Singbhoom districts, for the cess year 1880-81, together with the remarks thereon of the Commissioner of Chota Nagpore, are published for general information.

G. F. E. S. NEILL, Major, M.S.C.,

Asst. Secy. to the Govt. of Bengal, P. W. Dept.

Abstract of a Report by the Chairman of the District Road Committee, Hazaribagh, on the Committee's operations for the cess year 1880-81.

THE road cess collected in the district was at the maximum rate, and the total demand during the year, including arrears, amounted to Rs. 84,525, i.e. cess on lands Rs. 81,060 and cess on mines, &c., Rs. 3,465. The percentage of collections on the year's demand was Rs. 97.5. Though the cesses were not punctually paid on the fixed dates, yet there was no difficulty experienced in realizing them. The result of collections is satisfactory, being $2\frac{1}{2}$ per cent. above the standard fixed by Government.

During the year there were five meetings of the District Committee, at all of which the Chairman presided. Though the attendance of the members was not so satisfactory as in the previous year, yet a full quorum was obtained in every case. There were seven meetings of the Branch Committee, the attendance of the members of which is reported to have been fair, and some of the members are said to have taken great interest in the proceedings.

The roads in the district are now gradually improving, and the Committee is doing its best to open out the country to wheel traffic as far as the limited funds at its disposal permit.

Rs. 8,000 were allotted for the construction and maintenance of village roads, but the actual outlay incurred on this account during the year, amounted to Rs. 13,849, the excess having been met from savings of last year.

Owing to the heavy cost of maintaining the existing young trees, the Committee were only able to plant 1,386 new trees during the year. Twelve thousand seven hundred sixty-one trees planted during the previous year have been maintained, and are generally in a flourishing state. The Branch Committee at Giridi has, besides the number stated above, planted 500 new trees on the roads constructed by it.

The only nursery garden kept up is in the station of Hazaribagh. There are a few young trees at each of the inspection bungalows kept up and looked after by the chowkidars in charge of the buildings.

The establishments with the exception of two sub-overseers have performed their duties satisfactorily.

*Over payment.

H. H. RISLEY, for Chairman.

Explanatory memorandum attached to the District Road Fund Annual Accounts for 1880-81.

Establishment.—The expenditure under this head exceeded the amount sanctioned in the budget, as the pay for September 1881 was paid before the close of the month, owing to the offices being closed on account of the Doorga Poojah holidays. Thus the establishment was paid for 13 months during the year under report.

Percentage cost of establishment.—The amount payable to Government for the previous cess year 1879-80 was not paid in full till after the close of the year, as such charges are not demanded by the Accountant-General until the quarterly accounts are published. Hence the charges under this head exceeded the budget grant.

Stationery and printing.—The charges under this head exceeded the budget grant, owing to the forms of the Collector's office having all been revised on the passing of the new Cess Act. The excess expenditure was, however, met from the savings under the head of travelling allowance.

Original repair works.—As some of the village roads and other repair works given out to contractors in 1879-80 were completed and paid for during the present year, the expenditure under the head of works has exceeded the budget grant.

H. H. RISLEY, for Chairman.

HAZARIBAGH,
The 5th January 1882.

Abstract of a report by the Chairman of the District Road Committee, Lohardugga, on the Committee's operations for the cess year 1880-81.

The cess was levied in this district at the maximum rate. There was no difficulty in collecting the cesses at head-quarters. In the Palamow sub-division, however, some difficulty was experienced in dealing with the revenue-free estate of Julpa, the numerous shareholders of which did not know the actual amount due by each. The outstanding balance is chiefly due from that estate, and no improvement can be expected till the revaluation now in hand is completed.

The road cess is by no means unpopular with the people of the district, as they now understand that the money is spent in the district and for its benefit. The increase in the amount of collections under the heads of cess on lands and mines, &c., is principally due to the realization of arrears outstanding at the close of the preceding year.

In carrying out works and repairs, more attention was generally paid to securing good and lasting work, rather than quantity. Drainage was specially looked after, and care taken that the bad portions of road were completed before work was done on the better parts.

Trees were planted out over 25 miles of roads, the total length planted out being 41 miles.

The different establishments under the Committee have, on the whole, worked well, and gave satisfaction.

A. W. MACKIE,
Vice-Chairman.

Abstract of a report by the Chairman of the District Road Committee, Manbhoom, on the Committee's operations for the cess year 1880-81.

THE cess payers as a body were irregular in their payments. Certificates were made out in almost all the cases and filed in the Deputy Commissioner's court for realization of the cesses. On the whole, the Cess Act is said to have worked well, but it is difficult to state what is the popular feeling regarding it.

A meeting of the Committee was convened regularly every month. On one occasion only no quorum was formed. Of the 19 members, three failed to attend any meeting during the year. The average daily attendance at each meeting was eight.

There are no Branch Committees in this district. Village and other roads in the sub-division of Govindpore are under the management of the sub-divisional officer.

Mostly petty repairs were done to the village roads, and some of them have been improved by the construction of rough stone culverts.

Arboriculture was only in its infancy, and was properly carried on during the year. One thousand and six hundred young trees were planted on the Chyebassa and Burrakur roads, and all the trees along the station roads (amounting in aggregate to about 2,000) were properly maintained, and most of them are now in a thriving and healthy condition.

The several establishments under the Committee are reported to have given satisfaction in their work.

Explanatory Note.

1. The excess in expenditure on original works in the Purulia and Chyebassa road is due to the amount of money spent in this road, before the estimate for Rs. 29,907 was sanctioned by Government in 1877-78, being included in the progressive column, shewing total outlay to end of year. The works which were estimated to cost Rs. 29,907, as per sanctioned estimate, were actually executed at a saving of Rs. 4,053-13-2.

2. The excess expenditure on repair works are merely nominal. The budget allotments are only for the year under report, whereas the expenditures include payments made during the year on account of works done in the previous year.

3. The excess expenditure of Rs. 950-3-3 under the head of establishment is owing to the whole establishment being paid for the last month of the year within the year under report on account of the Dusserah vacation, and also owing to pay of *mohurirs* and *duffadars* appointed in the Govindpore sub-division for carrying on works departmentally, being charged under this head instead of charging it against the works, as temporary work establishment, as it should have been.

4. No provision was made in the budget for construction of the out-flow culvert of Govindpore bandh as the work was not under contemplation when the budget was framed; but its cost has been met with from general savings in repair works.

5. The excess expenditure of Rs. 61-4-7 in the establishment and contingencies of Committee's office is due to the whole establishment being paid for 13 months within the year on account of the Dusserah vacation.

6. The excess of Rs. 7-4-6 on account of percentage cost of establishment for office of account and control is owing to some payments being made during the year under report for the dues of the previous year.

7. The excess of Rs. 16-4 in cost of stationery and printing forms is due to the extra cost of English stationery and to some extra forms which had to be printed for the District Engineer's office. This excess has been met with from general savings.

Abstract of a report by the Deputy Commissioner of Singbhoom on the operations for the cess year 1880-81.

ALL the roads in the district have been repaired or improved during the year. The Chayebassa-Burrakur road, on which traffic is very considerable, ought to be metalled, but this could only be done by a special grant of funds to the district.

1,006 mango and jack fruit-trees were planted and fenced on the Midnapore, Bandgaon, and Burrakur roads, commencing from the station. A very large number of these trees have, however, been killed by drought and heat, and provision has been made to replace them, and plant as many more as the funds allotted for the purpose will permit during the current cess year.

There has been a lack of proper general supervision on the part of the District Engineer, which was to some extent due to his having suffered a great deal from severe fever, which has been unusually prevalent. The establishments under the District Engineer are reported to have worked satisfactorily.

Administration—Rupees 120 were provided for in the budget estimate on account of the pay of Committee's clerk for 12 months, but his pay for 13 months was drawn owing to late Doorga Poojah holidays, for his pay for September 1881 was drawn in September instead of in October following, and hence there is an increase of Rs. 10. But the total expenditure of Rs. 220-8-1, under the heading "Administration," does not exceed the grand total of Rs. 242 budgetted for.

The sum of Rs. 20 was drawn in a road fund cheque for advance to Raia Tehsildar, and was shown into the cash account book. This amount was not drawn by the party from the treasury even up to the 31st March 1881 when the amount lapsed to Government, and hence the deduction of this unexpended amount charged into account has been shown in order to tally with the receipts.

C. H. GARBETT,
Chairman, District Road Cess Committee.

No. 378DR, dated Ranchi, the 23rd February 1882.

From—The Commissioner of the Chota Nagpore Division,
To—The Secretary to the Government of Bengal, P. W. Dept.

I HAVE the honour to submit herewith the reports on works of local improvement from the several districts of this division, together with the accounts received from the several Road Committees for the year ending 30th September 1881, with the following observations.

2. The reports and accounts of the several districts were received on the following dates:—

Hazaribagh	9th January 1882.
Lohardugga	7th ditto.
Manbhoom	1st February 1882.
Singhoom	11th January 1882.

3. As reported in former years, the districts in which the road cess is levied in this division are Hazaribagh, Lohardugga, and Manbhoom, in all of which the cess was levied at maximum rates during the year under review. In Singhoom alone the Cess Act has not yet been extended, but a sum of Rs. 10,000 was assigned for the construction and maintenance of roads under Government orders conveyed in No. 580, dated 24th February 1881.

4. The following is a tabular statement showing the extent to which the meetings of the several District Road Committees were attended:—

DISTRICT.	NUMBER OF MEMBERS FORMING COMMITTEE		Number required to form a quorum.	Number of meetings held.	Number at which there was a quorum.	Average attendance at meetings.	Number of Commissioners who did not attend any meeting.	NUMBER OF MEMBERS WHO ATTENDED—										Percentage of average attendance to each meeting.
	Official.	Non-official.						One meeting.		Two meetings.		Three meetings.		Four meetings.		Five meetings.		
								Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	Official.	Non-official.	
Hazaribagh	7	17	6	5	...	8	7	0	1	1	1	4	1	3	33.3	
Lohardugga	8	11	6	7	...	8	3	...	3	1	3	1	4	1	40.0	
Palamou	6	7	4	5	1	4	3	3	1	3	1	2	2	3	3	2	36.0	
Manbhoom	6	13	6	12	...	8	3	1	1	42.1	
Singhoom	8	12	5	8	...	7	4	1	...	1	3	1	3	43	

5. The Hazaribagh District Committee met five times during the year with an average attendance of eight members at each meeting. The Branch Committee at Giridi, established for the first time towards the close of the previous cess year, held seven meetings. The

attendance of its members is reported to have been fair, some of them having taken great interest in the proceedings; but five of its members having absented themselves from six consecutive meetings, the list of members forming the Committee has since been revised.

6. The attendance of the members of the Lohardugga Committee was more satisfactory than in previous years, the average attendance of members at the seven meetings of the District Committee during the year being nine against seven in the previous year. All the members attending have been reported to have taken very great interest in the proceedings.

7. The Palamow Branch Committee held five meetings with an average attendance of 4.2. Three out of the seven non-official members did not attend any of these meetings, whilst the rest took no interest in road cess matters. The Branch Committee has accordingly been reorganized since the close of the year.

8. In Manbhoom the District Road Committee regularly met every month. The average attendance at each meeting was eight as in the preceding year; only in one meeting there was no quorum.

9. The District Road Committee of Singhbhum consisted of three official and twelve non-official members, and met only thrice during the year under report with an average attendance of seven members at each meeting. Four of the members did not attend any meeting at all.

10. The following tabular statement shows in a convenient form the arrear and current demands of the three cess districts of the division, the arrear and current collections, and the percentage of total collections on the total demand of each district:—

DISTRICT.	DEMAND.		COLLECTIONS.		Total demand.	Total collection.	Percentage.
	Arrear.	Current.	Arrear.	Current.			
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	
Hazaribagh	543	34,180	543	33,271	34,673	33,814	97.52
Lohardugga	708	45,774	708	44,739	46,480	45,435	97.81
Manbhoom	5,584	30,594	5,585	23,787	36,143	29,345	81.19
Total ...	6,807	1,10,488	6,807	1,01,817	1,17,296	1,08,694	92.66

The percentages of collections in the Hazaribagh and Lohardugga districts are as usual satisfactory, that of Manbhoom apparently not so. But in this latter district the last instalment falls due only a day or two previous to the close of the year, hence the collections could not be more satisfactory.

11. The total cost of establishments including contingent charges and its percentage on the actual demands of the year of the three cess districts of the division are given below—

DISTRICT.	ACTUAL DEMAND.				Total demand of the year.	Total cost of establishment including contingencies.	Percentage of cost of establishment on total demand.
	Cess on land.	Cess on mines.	Actual miscellaneous receipts.	Receipts on account of 1 per cent. road cess.			
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	
Hazaribagh	39,597	2,465	7,083	700	42,000	10,436	24.79
Lohardugga	46,910	13	1,161	47,064	11,330	23.99
Manbhoom	25,248	405	2,113	27,667	10,291	36.94

It will be observed from the above statement that the cost of establishment had exceeded 25 per cent. of the actual demand in the districts of Hazaribagh and Manbhoom. In the former district the excess is very slight, and should the cost of the revaluation establishment entertained in it during the past cess year, amounting to Rs. 912 in round figures, be excluded, then the percentage would be only 23.62 per cent. of the actual demand. But as in calculating this percentage the actual receipts of the year under the head of miscellaneous have been taken into consideration, out of which no less than Rs. 5,672 represent fines recovered under the Cess Act, and as receipts under this head would be very much reduced when the revaluation operations now in progress would be brought to a close, the cost of the permanent establishment in this district would probably exceed 25 per cent. of the fixed annual income of the Committee, unless, as it is hoped, the result of the revaluations show a sufficient increase in the cess receipts of the Committee so as to bring the percentage of costs within the authorized limit of 25 per cent. of the actual demand.

12. In the Manbhoom district the cost of the revaluation establishment amounted to Rs. 1,713 in round figures. Deducting this amount the net expenditure on the permanent establishments amounted to Rs. 8,578, or 29.7 per cent. of the actual demand of the year. But as in this demand was included the actual receipt under the head of miscellaneous, out of which a sum of Rs. 1,502 consisted of fines for non-submission of returns, contribution by a zemindar, and of sale proceeds of a famine bungalow, all of which are items

of a non-recurring nature, the percentage of cost of the permanent establishment of this district would scarcely fall below 30 per cent. of the present actual demand. But it is hoped that the revaluation operations now in progress in the district, and which are expected to be completed in the course of the current month, will raise the income of the Committee so as to bring the cost of establishment within the authorized limit of 25 per cent. of the demand.

13. It is observed that the cost of administration in this latter district is disproportionately large, amounting to Rs. 1,521 against Rs. 833 in Hazaribagh and only Rs. 138 in Lohardugga. In Lohardugga the head clerk in the collection establishment also performs the duties of accountant under the Committee, without any additional remuneration. In the Hazaribagh district there is one clerk on Rs. 30 a month under the Committee, whilst the head clerk in the collection establishment gets an additional remuneration of Rs. 20 per mensem for performing the duties of accountant. But in the Manbhoom district there is a separate accountant under the Committee who receives a remuneration of Rs. 95 per mensem. Considering the limited income of this latter district, I think the Committee would act wisely in effecting retrenchments in this direction. The Lohardugga district is peculiarly circumstanced, which renders the work of the head clerk and accountant comparatively easy, the whole of the cess demand of the sudder sub-division being collected through the Chota Nagpore estate; so there can be no fair comparison between it and the Manbhoom district. But there seems to be no reason whatever for the cost of administration in the Manbhoom district exceeding that of Hazaribagh. The attention of the Deputy Commissioner of Manbhoom has been drawn to this; and he has been requested to report if any especial grounds exist which render the retention of the administration establishment under the Committee in its present footing necessary.

14. The statement below shows the total amounts at the disposal of each Committee, including balance of previous years and suspense accounts, together with the cost of the different establishment—

DISTRICT.	Total income, including balance of previous years.	Total cost of establishment.	Percentage.	Total revenue under Act IX of 1859.	Cost of establishment and contingencies of office of collection.	Percentage.	Expenditure on works.	Cost of establishment on works.	Percentage.
	Rs.	Rs.		Rs.	Rs.		Rs.	Rs.	
Hazaribagh	69,477	10,836	15.6	53,675	2,401	7.13	62,007	6,785	10.1
Lohardugga	61. 05	11,230	17.0	45,612	12,370	5.2	2,500	8,141	29.0
Manbhoom	36,611	10,291	28.10	24,528	3,108	12.8	21,140	5,326	25.0
Singbhoom	17,802	1,685	9.45	6,093	1,460	24.0

The above figures show that the cost of establishment and contingencies of office collection is highest in the Manbhoom district, and that the proportion of cost of establishment on works to the actual expenditure on works is highest in the Lohardugga district. The Deputy Commissioner of Lohardugga has been requested to explain why such a comparatively small amount has been expended in his district on works.

15. *Original works.*—In the Hazaribagh district there was a budget provision of Rs. 4,300 only for expenditure on original works during the year under review. Out of this small provision only Rs. 2,966 was actually expended in completing the earthworks of the Giridi and Hazaribagh road, and in finishing the culverts in the Giridi and Toondi road.

16. In Lohardugga, the expenditure under this head amounted to Rs. 7,310, out of a total estimate of Rs. 14,583 provided in the budget. The principal works done consisted of 11 masonry culverts, viz. six in the sudder and five in the Palamow sub-divisions; two bridges, one of one span of 12 feet and the other of two spans of 25 feet each, constructed up to springing, and a road cess godown for the Palamow sub-division.

17. The Manbhoom Committee made no provision in their budget estimate of the year for any works under this head. Accordingly no such works were undertaken in this district during the year under review. The expenditure of Rs. 1,582 shown in the accounts was incurred for paying for works actually done in the preceding year.

18. In the Singbhoom district there was a provision of Rs. 4,002 in the budget for works under this head, out of which Rs. 3,812 were expended in the construction of 27 masonry culverts in the Midnapore, Burrakur, Bandgaon, and Jyntgurbh roads. In the last named road provision was made in the budget for the construction of one masonry culvert at an estimated cost of Rs. 150 only. But the accounts show that the actual expenditure amounted to Rs. 234-13. The Deputy Commissioner of Singbhoom has been asked to explain the increased expenditure.

19. *Repairs.*—The budget provision for repair works in the Hazaribagh district was for Rs. 33,290 only, but the actual expenditure amounted to Rs. 36,132. The excess expenditure was owing to the fact that in eight roads the works remaining unfinished at the close of the preceding year were completed and paid for during the year under review.

20. In Lohardugga, the Committee made a provision of Rs. 20,356 for works under this head in their budget estimate for the year. The amount actually expended was

Rs. 20,381, showing a slight excess over the amount budgetted for. The repair works consisted chiefly of maintaining 160 miles of roads, of repairing 127, and renewing 10, timber bridges, and also constructing three large new timber bridges.

21. In Maubhoom, there was a budget provision of Rs. 17,400 for expenditure on repairs, out of which the Committee appear to have actually expended Rs. 15,700 as shown in appendix B attached to the Committee's report during the year under review.

22. In Singbhoom, the total expenditure on repairs amounted to Rs. 2,157 out of Rs. 7,855 provided in the budget estimate. The inability of the Committee to spend a larger amount out of the small provision made in the budget estimate is not creditable.

23. *Village roads.*—The following table shows the amounts spent on the improvement of village roads in the four districts of the division:—

DISTRICTS.	Estimated amounts for expenditure on village roads.	Actual expenditure on village roads.	Total expenditure on all sorts of works.	Percentage of actual expenditure on estimated amount.	Percentage of expenditure on village roads on total expenditure on all sorts of works.
	Rs.	Rs.	Rs.		
Hazaribagh	8,000	13,940	42,007	173.11	32.80
Lohardugga	4,597	4,302	28,000	100.10	17.15
Maubhoom	5,500	3,323	24,149	95.00	13.77
Singbhoom	638	15	5,983	2.33	.25

It is satisfactory to note that the expenditure in Hazaribagh on village roads is over 73 per cent. of the amount actually provided in the budget estimate, and was met from the savings of the previous year. The expenditure in Lohardugga is also satisfactory. The Maubhoom Committee have spent 95 per cent. of the amount provided in their budget estimate. The Singbhoom Committee had provided Rs. 638 for the improvement of village roads, but they have spent only the paltry sum of Rs. 15 out of the said amount. The Committee have been called upon to explain the cause of their inability to spend a larger amount out of the estimated sum.

24. *Planting of trees.*—In the sudder sub-division of the Hazaribagh district 1,386 trees were newly planted along two lines of roads, and the Committee failed to plant other trees as they had to look after the existing trees at a heavy expenditure. In the Giridi sub-division of the district the Branch Committee planted 500 more new trees.

25. In the Lohardugga district new trees were planted along 25 miles of road, whilst 2,311 trees already planted in previous years along 17 miles of roads were looked after.

26. In Maubhoom, 1,600 new trees were planted during the year along the Chaibassa and Burrakur roads, whilst 2,000 planted before along the station roads were properly maintained.

27. In Singbhoom, 1,006 mango and jack fruit-trees were planted long the Midnapore, Bondgaon, and Burrakur roads, but unfortunately many of them died from drought and heat.

28. *Establishments.*—The different establishments in the four districts have been on the whole favourably reported by the district officers.
